

“It never rains in Southern California”

You may recognise this iconic song written by British Singer-Songwriter, Albert Hammond.

Likewise, British company **Firesafe Fire Rated Ductwork Ltd** is making the trip to Palm Desert, CA seeking prospective Partners to manufacture, install and certify **CASWELL FIRESAFE®** systems under licence in the USA.

CERTIFIED PRODUCT

CASWELL FIRESAFE® is our international brand of Fire Resisting Ductwork. We have a global network of Licensed Manufacturing Partners in the UK, Europe, the Middle East, Asia and the USA.

AWARD-WINNING COMPANY

As winners of the prestigious **Queen’s Award for Enterprise in International Trade** and **Member of the International Code Council (ICC)**, our business model is the perfect fit for **SMACNA** members.

Great examples are **Atlantic Air Products Mfg LLC** & **McCusker-Gill Inc.** in Boston, MA which benefit from our engineering design excellence and world-class support to produce **CASWELL FIRESAFE®** systems; enabling them to proudly proclaim **‘Made in the USA’**

PROVEN TESTING

CASWELL FIRESAFE® has been tested to meet **British, European & International Standards**. and is **UL certified** (R38800). Rated up to 4 hours for Stability, Integrity & Insulation, it offers effective, proven solutions for Smoke Control, Pressurisation and general ventilation systems.

Going to the SMACNA Product Show, Palm Desert, CA, October 29 ?

We invite you to call by Booth 411 and find out more about this opportunity
